GUARDRAILS FOR ACCESS LADDER

The guardrail kit for access ladder improves safety around these very common access points. Delta Prevention has developed a set of guardrails that can be adapted to all ladders and type of roof.

FEATURES

- No damage to the roof, as 100% non-penetrating
- No cutting, quick and easy installation
- Can be installed on roofs with or without a parapet
- Anodized aluminum finish prevents paint peeling
- Recycled rubber base provides the best grip without additional sacrificial membrane
- Compliance report included
- Ultimate resistance to rust and deterioration caused by rain, temperature changes and acidic environments
- 10-year warranty*

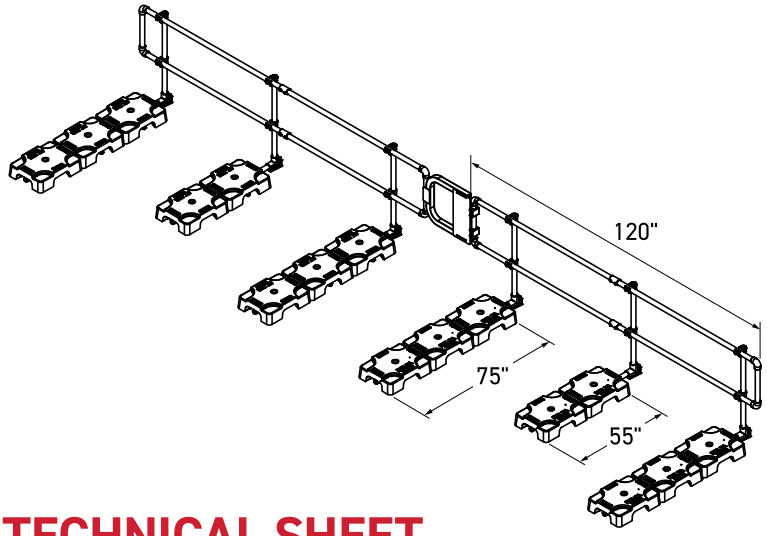
VSS CLASSIC INSTALLATION

Access ladders going up or down a roof of more than 10' high inevitably place you in a dangerous position as described in all standards. There is always a risk of losing balance when ascending or descending backwards in the ladder. Thanks to the access ladder guardrail, you can protect 10' (3 m) on each side of the access ladder, ensuring the safety of your operations.

VSS COMPACT INSTALLATION

The VSS Compact access ladder guardrail protects 10' on each side of the access ladder and creates a traffic corridor leading to the center of the roof. Because they share the same components, the VSS Safetyline permanent warning line connects perfectly to the access ladder guardrail to create flawless fall protection.

TYPES OF INSTALLATION



TECHNICAL SHEET

#ITEM LDK2CL01

Length:	10'/side
Height:	42"
Width:	75"
Counterweight:	50 lb/base
Counterweight material:	recycled rubber, galvanized cast iron with rubber mat
Railing & upright material:	6061-T6 anodized aluminum
Railing & upright OD:	1,9"
Junction & clamp material:	Galvanized steel
Hardware material:	Stainless steel
Set screw torque:	30 lb/ft (except GA201: 20 lb/ft)
Usage:	Permanent
Design patent:	#162630
Shipping weight:	1030 lb
Complies with:	RSST: 12 NBC: 4.1.5.1.4 OSHA : 1926.502, 1926.501 Ontario Building Code : 4.1.5.14 WorkSafeBC : 11.2

* Self-closing adjustable Safety Gate not included

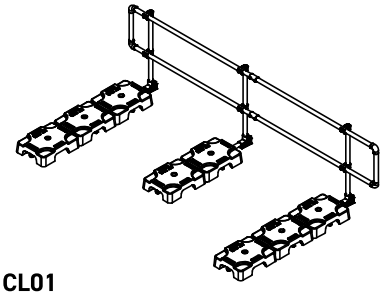
ACCESSORIES

Self-closing adjustable Safety Gate

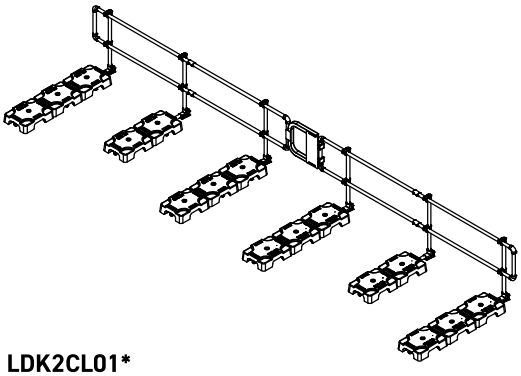
The adjustable safety fence adds extra protection by closing behind you after use, blocking access to the ladder. Opening: 22.75" – 34"

ITEM: GAT24A02
Material: Aluminum

PRE-CONFIGURATIONS

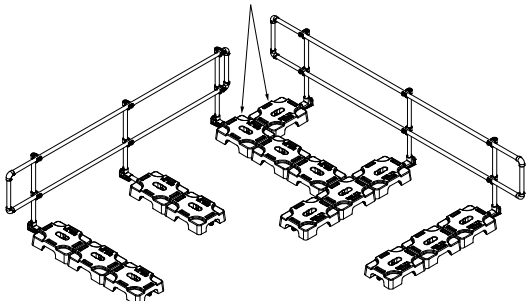


LDK1CL01
Kit for access ladder - 1 side (10')

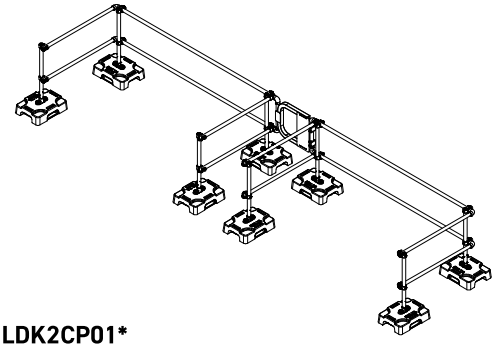


LDK2CL01*
Kit access ladder - 2 sides (2 x 10')

Connected with a CL101 junction



LADKIT-CL-2SC
Kit for access ladder - corner



LDK2CP01*
Kit for access ladder - 2 sides (2 x 10')
